**Advancing Precision Medicine in Asthma Care:
Innovations Through Translational Research**

Dr. Anurag Bhalla is a Clinician-Researcher in the Division of Respiriology with a clinical and research interest in severe asthma, eosinophilic lung diseases and airway inflammation.

Objectives:

1. Examine advancements in asthma endotyping.
2. Gain insights into emerging novel asthma treatments.
3. Discover the significance of sputum-based testing in refining asthma management.

Please visit [Department of Medicine Grand Rounds](#) to access recordings from this and prior Grand Rounds presentations.

The Medical Grand Rounds at University Hospital is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada.
Evaluations will be sent out and your attendance calculated automatically through One45.
