

## PEER-REVIEWED GRANTS 1998-2020

Total Grants as Nominated Principal Investigator: \$22,878,348

Total Grants as Co-Principal Investigator and Co-Investigator: \$62,349,148.50

- 2020 – 2021 PI, The Impact of Novel Coronavirus (COVID-19) Outbreak on Physicians in Ontario, Academic Medical Organization or Southwestern Ontario (AMOSO), Innovation Fund COVID-19, \$68,140.
- 2020 – 2024 PI, Innovative Pragmatic Cluster-Randomized Registry Trials to Improve Hemodialysis Care, Canadian Institute of Health Research (CIHR), Operating Grant, \$2,817,233. Co-PIs: Peter Blake, Adeera Levin, Brenden Cote, Clara Bohm, Samuel Silver, Arris Vorster, Eduardo Lacson Jr, Marcello Tonelli
- 2019 – 2020 Co-PI, Innovative National Strategies for Patient-Oriented Research Education / Stratégies Nationales Innovantes pour l'Éducation en Recherche axée sur le Patient (INSPIRE), Canadian Institutes of Health Research (CIHR), Training Grant, \$7,419. Co-PIs: Annie Leblanc, Agnes Black, Nicolas Fernandez, Roderick McCormick, Marie-Eve Poitras, Helen Robinson-Settee, Daniel Goldowitz, Malcolm King
- 2019 – 2025 Co-I, Kidney and blood pressure disease burden and monitoring for chronic kidney disease in childhood cancer survivors, Canadian Institutes of Health Research (CIHR), Project Grant, \$929,478. Co-PI: Michael Zappitelli
- 2019 – 2021 PI, Does a strategy to avoid hypotension during non-cardiac surgery reduce the risk of acute kidney injury? A substudy of the Perioperative Ischemic Evaluation-3 (POISE-3) Trial, The Kidney Foundation of Canada, Biomedical Research Grant, \$100,000. Co-PIs: PJ Devereaux, Maura Marcucci, Pavel Roshanov, Raja Jayaram, Jessica Sontrop, Meaghan Cuerden Knight, and Michael McGillion
- 2019 – 2020 Co-I, Filling Knowledge Gaps for the Success of Ontario Renal Plan 3, Canadian Institutes of Health Research (CIHR), Project Grant, \$100,000. Co-PIs: Matthew Weir, Mary Beaucage, Rahul Chanchlani, Edward Clark, Kristin Clemens, Candice Coghlan, Stephanie Dixon, Bonnie Field, Ziv Harel, Arsh Jain, Amber Molnar, Samuel Silver, Manish Sood, and Michael Zappitelli
- 2018 – 2023 Co-I, Pragmatic randomised trial of High Or Standard PHosphAte Targets in End-stage kidney disease - PHOSPHATE Canada (TARGET 2), Canadian Institutes of Health Research (CIHR), Project Grant, \$1,526,175. Co-PIs: Ron Wald, Michael Walsh
- 2018 – 2020 Co-I, Strategies for the management of Atrial Fibrillation in patiEnts receiving HemoDialysis (SAFE-HD). Canadian Institutes of Health Research (CIHR), Project Grant, \$314,416. Co-PIs: Ziv Harel, Ron Wald
- 2018 – 2020 PI, Population-Based Studies to Understand the Side Effects of Medications in the Brain-Kidney Axis. Academic Medical Organization of Southwestern Ontario (AMOSO), Innovation Fund, \$96,000
- 2018 – 2019 PI, Risk of acute kidney injury in patients randomized to a restrictive versus liberal approach to red-blood-cell transfusion in cardiac surgery: A sub-study protocol of the TRICS-III non-inferiority trial. The Kidney Foundation of Canada (KFoC), Biomedical Research Grant, \$49,500
- 2018 – 2019 Co-I, Artificial Intelligence for Screening and Secondary Prevention of Chronic Kidney Disease in a Learning Health System in Ontario (LeHSON -AI). Canadian

- Institutes of Health Research (CIHR), Planning/Dissemination Grant, \$19,933. PIs: Merrick Zwarenstein, Jennifer Rayner
- 2018 – 2020 Co-I, Living kidney donor follow-up and Outcomes: Caring for those who care for others. University of Alberta, Project Grant, \$100,000. PI: Ngan Lam
- 2018 – 2020 Co-I, Kidney function and the effectiveness and safety of direct oral anticoagulants in atrial fibrillation: the KODIAK-AF study. National Health and Medical Research Council (NHMRC), Project Grant, \$445,493.50 (AUS). PI: Min Jun
- 2017 – 2018 Co-I, The frequency of routine laboratory testing and patient outcomes among maintenance hemodialysis patients in Ontario, Canada. Cancer Care Ontario (CCO), Ontario Renal Network Grant, \$45,555. PI: Ron Wald
- 2017 – 2018 Co-I, The effect of specialized nephrology care on long-term kidney health after an episode of severe acute kidney injury. Cancer Care Ontario (CCO), Ontario Renal Network Grant, \$64,159. PI: Sam Silver
- 2017 – 2018 PI, Managing Post-Transplant Kidney Care in Ontario @ Home: A Patient-Centered Approach. Cancer Care Ontario (CCO), Ontario Renal Network Grant, \$52,000
- 2017 – 2022 Co-I, Disease-Related Complications and Health Care Utilization in ADPKD. Canadian Institutes of Health Research (CIHR), Project Grant, \$832,320. PI: York Pei
- 2017 – 2020 PI, An Integrated Platform for Innovative Pragmatic Cluster-Randomized Registry Trials in Hemodialysis. Canadian Institutes of Health Research (CIHR) SPOR Innovative Clinical Trial Multi-Year Grant, Operating Grant, \$ 2,970,675
- 2017 – 2018 Co-I, Registration for Deceased Organ Donation in Family Physician Offices. Canadian Institutes of Health Research (CIHR) SPOR Innovative Clinical Trials, Catalyst Grant, \$97,987. PI: Justin Presseau
- 2016 – 2022 Co-I, Aldosterone antagonism and enhanced Clearance for Health Improvement Evaluation in End-stage renal disease (ACHIEVE) Trial. Canadian Institutes of Health Research (CIHR) Project Grant, \$2,652,816. PI: Michael Walsh
- 2016 – 2023 PI, Living Kidney Donation: Improving Safety, Access, and Outcomes. Canadian Institutes of Health Research (CIHR), Foundation Grant, \$5,336,854
- 2016 – 2020 Co-I, Micro-Particle Curcumin for the Treatment of Chronic Kidney Disease-1 (MPAC-CKD-1). Canadian Institutes of Health Research (CIHR) Project Grant, \$909,755. PI: Matthew Weir
- 2015 – 2020 PI, Theme 3, Listening, Learning, Leading: Canadians Seeking Solutions and Innovations to Overcome Chronic Kidney Disease (Can-SOLVE CKD). Theme 3 (Amit Garg): Increasing the use of living donor kidney transplantation (LKDT) \$1,250,000 for 5 years. Canadian Institutes of Health Research (CIHR), SPOR Networks in Chronic Disease, \$12,450,000. PIs: Adeera Levin, Braden Manns
- 2016 – 2019 PI, Major cardiovascular outcomes with personalized dialysate TEMPerature (MY TEMP): A registry-based cluster randomized controlled trial. Heart and Stroke Foundation of Canada (HSFC), Operating Grant, \$256,440
- 2016 – 2017 Co-I, Smart Homes: Developing and Testing Strategies Supporting Community Re-Integration for Clients with Severe Mental Illness. Canadian Institutes of Health Research (CIHR), Project Grant, \$100,000. PIs: Cheryl Forchuk, Jan Richardson, Karima Velji

- 2015 – 2019 Co-I, A Novel approach to connecting peritoneal dialysis patients to health care staff – A multi-centre randomized controlled trial. Canadian Institutes of Health Research (CIHR), eHealth Innovation Partnership Program (eHIPP), \$750,000. PI: Arsh Jain
- 2015 – 2019 Co-I, STandard versus Accelerated initiation of Renal Replacement Therapy in Acute Kidney Injury (STARRT-AKI), Canadian Institutes of Health Research (CIHR), Operating Grant, \$1,177,472 PIs: Ron Wald, Sean Bagshaw
- 2015 – 2018 Co-I, HIP facture Accelerated surgical TreaTemnt and Care track (HIP ATTACK) Randomized Controlled Trial of Accelerated Medical Clearance and Surgery versus Standard Care for Hip Fractures. Ontario SPOR Support Unit (OSSU), Operating Grant, \$1,849,614. PIs: Mohit Bhandari, PJ Devereaux
- 2013 – 2019 PI, Safety and Outcomes of Accepting Hypertensive Individuals as Living Kidney Donors. Canadian Institutes of Health Research (CIHR), Operating Grant, \$352,097
- 2013 – 2017 Co-I, Do Primary Care Reforms Influence Physician Performance and Patient Outcomes? Econometric Analyses of Ontario’s Primary Healthcare Delivery Models. Canadian Institutes of Health Research (CIHR), Operating Grant, \$467,529 PI: Sisira Sarma
- 2013 – 2018 PI, Standard Criteria Living Kidney Donor Safety Study. Canadian Institutes of Health Research (CIHR), Operating Grant, \$917,071
- 2013 – 2018 Co-I, The Canadian National Transplant Research Program: Increasing Donation and Improving Transplantation Outcomes. Canadian Institutes of Health Research (CIHR), Transplantation Research, \$14,270,000. PIs: Lori West, Timothy Caulfield, Marie-Josée Hébert, Atul Humar, Greg Knoll, Megan Levings, Seema Mital, Denis-Claude Roy, Kirk Schultz, James Shapiro
- 2012 – 2017 PI, ICES Kidney, Dialysis and Transplantation Program. Canadian Institutes of Health Research (CIHR), Operating Grant, \$802,023. PIs: Arsh Jain, Joseph Kim, Greg Knoll, Charmaine Lok, Matthew Oliver, Michael Paterson, Robert Quinn, Ron Wald, Matthew Weir
- 2012 – 2017 PI, Ontario Kidney, Dialysis and Transplantation Program: Research Branch. Canadian Institutes of Health Research (CIHR), Operating Grant, \$802,023. PIs: Arsh Jain, Joseph Kim, Greg Knoll, Charmaine Lok, Matthew Oliver, Michael Paterson, Robert Quinn, Ron Wald, Matthew Weir
- 2012 – 2017 PI, Preventing Peri-operative Acute Kidney Injury: SIRS & POISE-2 Sub-studies. Canadian Institutes of Health Research (CIHR), Operating Grant, \$502,500
- 2015 – 2016 Co-I, Protection of the heart with aldosterone antagonism in end-stage renal disease (PHASE 2) Trial. Canadian Institutes of Health Research (CIHR), Operating Grant, \$100,000. PIs: Michael Walsh, Ron Wald
- 2015 – 2016 Co-I, Disease-related complications and healthcare utilization in ADPKD. Canadian Institutes of Health Research (CIHR), Operating Grant, \$100,000. PI: York Pei
- 2014 – 2016 Co-I, STandard versus Accelerated initiation of Renal Replacement Therapy in Acute Kidney Injury (STARRT-AKI). Canadian Institutes of Health Research (CIHR) Operating Grant: Industry-partnered Collaborative Research, \$220,995. PIs: Ron Wald, Sean Bagshaw
- 2014 – 2016 Collaborator, Long-tern vascular outcomes of idiopathic thrombotic microangiopathy treated with plasma exchange. The Kidney Foundation of Canada (KFoC) and Thrombotic Thrombocytopenic Purpura (TTP) Foundation, Biomedical Research Grant, \$99,720. PI: Jack Tu

- 2014 – 2016 Co-I, Knowledge Translation Interventions to prevent the early initiation of dialysis: a cluster randomized trial. Mental Health Research Canada (MHRC), \$215,000. PI: Navdeep Tangri
- 2014 – 2016 PI, ICES KDT: Knowledge User Decision Support. Academic Medical Organization of Southwestern Ontario (AMOSO), Innovation Fund, \$110,000
- 2012 – 2016 Co-I, POISE-2, Canadian Institutes of Health Research (CIHR), Operating Grant, \$3,684,006. PI: PJ Devereaux
- 2011 – 2016 Co-I, Measuring and Improving the Quality of Ambulatory Care for People with Cardiovascular Risk Factors and/or Chronic Cardiovascular Diseases. Canadian Institutes of Health Research (CIHR), Operating Grant, \$1,993,740. PI: Jack Tu
- 2010 – 2016 Co-I, Plasma exchange and glucocorticoid dosing in the treatment of anti-neutrophil cytoplasm antibody associated vasculitis: an international randomized controlled trial. Canadian Institutes of Health Research (CIHR), Operating Grant, \$403,518. PI: William Clark
- 2014 – 2015 Co-I, Canadian Innovative Methods involving Patients and Researchers in Outcome Improvements for Chronic Kidney Disease (Can-IMPROVE CKD). Canadian Institutes of Health Research (CIHR), Operating Grant, \$20,000. PIs: Adeera Levin, Braden Manns
- 2014 – 2015 PI, Hospital Donation Physicians: Building an Evaluation Framework. Canadian Institutes of Health Research (CIHR), Operating Grant, \$9,730. PIs: Sonny Dhanani, Ronnie Gavsie
- 2014 – 2015 Co-I, Standard versus Accelerated initiation of Renal Replacement Therapy in Acute Kidney Injury (STARRT-AKI). Canadian Institutes of Health Research (CIHR), Operating Grant, \$100,000. PIs: Sean Bagshaw, Ron Wald
- 2014 – 2015 Co-I, Two phosphate taRGETs in End-stage renal disease Trial (TARGET): Intensive vs liberalized phosphate control in hemodialysis recipients. Canadian Institutes of Health Research (CIHR), Operating Grant, \$168,394. PIs: Ron Wald, Michael Walsh
- 2014 – 2015 Co-I, Protection of the heart with aldosterone antagonism in end-stage renal disease (PHASE 2) Trial. Canadian Institutes of Health Research (CIHR), Operating Grant, \$100,000. PIs: PJ Devereaux, Ron Wald, Michael Walsh
- 2013 – 2015 Co-I, Ontario Predicting the need for community care for chronic kidney disease following hospitalization with acute kidney injury. Canadian Institutes of Health Research (CIHR), Operating Grant, \$136,504. PI: Matthew James
- 2013 – 2015 Co-I, Reducing the risk of serious adverse events and improving quality of life for patients with kidney disease: the role of arteriovenous fistula creation in hemodialysis patients. Canadian Institutes of Health Research (CIHR), Operating Grant, \$230,846. PI: Robert Quinn
- 2010 – 2015 Co-I, Steroids In cardiac Surgery trial (SIRS). Canadian Institutes of Health Research (CIHR) Operating Grant, \$4,062,400. PIs: Kevin Teoh, Richard Whitlock, Salim Yusuf
- 2010 – 2015 Co-I, Long-Term Implications of Becoming a Living Kidney Donor: An International Prospective Study. Australian National Health and Medical Research Council (ANHMRC), Operating Grant, \$259,333 (AUS). PI: Neil Boudville
- 2010 – 2015 PI, Preventing chronic kidney disease by avoiding acute, transient elevations in serum creatinine. Canadian Institutes of Health Research (CIHR), Operating Grant, \$196,550

- 2013 – 2014 PI, Risk of kidney stones and bleeding in living kidney donors. The Kidney Foundation of Canada (KFoC), Biomedical Research Grant, \$49,112
- 2013 – 2014 Co-I, Pilot trial of Hemodialysis patients undergoing Aldosterone antagonism with Eplerenone (PHASE). Canadian Institutes of Health Research (CIHR), \$86,439. PIs: Michael Walsh, Ron Wald
- 2012 – 2014 Co-I, Optimizing the allocation of ‘high-risk’ deceased donor kidneys: A Canadian perspective. Canadian Institutes of Health Research (CIHR), Operating Grant, \$132,982. PI: Joseph Kim
- 2012 – 2014 PI, Reduced kidney function and fragility fractures. Canadian Institutes of Health Research (CIHR), Operating Grant, \$99,624
- 2011 – 2014 Co-I, The Ontario Drug Policy Research Network (ODPRN). Ontario Ministry of Health and Long-Term Care (MOHLTC), Ontario Public Drug Program (OPDP), \$2,814,586. PIs: Muhammad Mamdani, David Juurlink
- 2011 – 2014 Co-I, Clinical search retrieval from, and comparative usefulness of, large unfiltered internet databases and smaller filtered internet databases. Canadian Institutes of Health Research (CIHR), Operating Grant, \$413,247. PI: Brian Haynes
- 2011 – 2014 PI, Canadian Kidney Knowledge Translation and Generation Network. Canadian Institutes of Health Research (CIHR), Network Catalyst Grant, \$600,000. PIs: Braden Manns, Adeera Levin, Brenda Hemmelgarn, Scott Klarenbach, Patrick Parfrey, Susan Samuel
- 2011 – 2014 PI, Curcumin to prevent perioperative complications from elective abdominal aortic aneurysm repair. Canadian Institutes of Health Research (CIHR), Operating Grant, \$322,419
- 2011 – 2013 PI, Hypertensive Disorders of Pregnancy after Bacterial Gastroenteritis. Canadian Institutes of Health Research (CIHR), Operating Grant, \$86,136
- 2009 – 2014 PI, Canadian living Kidney Donor Safety Study. Canadian Institutes of Health Research (CIHR), Operating Grant, \$877,796
- 2012 – 2013 PI, ICES Kidney, Dialysis and Transplantation Program. Academic Medical Organization of Southwestern Ontario (AMOSO), Innovation Fund, \$238,030
- 2012 – 2013 PI, Comparing PubMed and Google Scholar on evidence retrieval. Physicians’ Services Incorporated Foundation (PSI), Salary Support, \$58,522
- 2011 – 2013 Co-I, Standard versus Accelerated initiation of Renal Replacement Therapy in Acute Kidney Injury (STARRT-AKI). Canadian Institutes of Health Research (CIHR), Operating Grant, \$227,720. PIs: Ron Wald, Sean Bagshaw
- 2011 – 2013 PI, Acute kidney injury from antiviral drugs for herpes infections: A population-based study of older adults. Canadian Institutes of Health Research (CIHR), Operating Grant, \$99,209
- 2011 – 2013 PI, Electrolyte Disorders from Common Medications: Risk and Mitigation. Canadian Institutes of Health Research (CIHR), Operating Grant, \$139,828
- 2011 – 2013 PI, Preoperative Medications and Acute Kidney Injury: A VISION sub-study. Canadian Institutes of Health Research (CIHR), Operating Grant, \$119,920. PIs: PJ Devereaux, Michael Walsh
- 2011 – 2013 PI, Hypertensive Disorders of Pregnancy after Bacterial Gastroenteritis. Canadian Institutes of Health Research (CIHR), Operating Grant, \$86,136

- 2010 – 2013 PI, Reimbursing Living Kidney Donors for their Non-Medical Expenses. Canadian Institutes of Health Research (CIHR), Operating Grant, \$149,916. PI: Scott Klarenbach
- 2010 – 2013 PI, Canadian Living Kidney Donor Safety Study. Astellas Pharma Canada, Inc. Research Grant, \$200,000
- 2008 – 2013 Co-I, Ancillary Studies in the Natural History of Acute Kidney Injury. National Institutes of Health (NIH) (USA), Biomedical Research Grant, \$2,458,899 (US). PI: Chirag Parikh
- 2011 – 2012 PI, Beta blockers, dialyzability and outcomes. Canadian Institutes of Health Research (CIHR), Operating Grant, \$59,956. PI: Matthew Weir
- 2011 – 2012 PI, Filtering Medline for Renal Information: Renal Sub-Filters. Canadian Institutes of Health Research (CIHR), Operating Grant, \$59,951
- 2011 – 2012 Co-I, Randomized Controlled Trial of Bimodal Solution for Peritoneal Dialysis: 24-Hour Ultra-Filtration Efficiency Using Bimodal PD Solutions During the Long Dwell. Canadian Institutes of Health Research (CIHR), Operating Grant, \$24,591. PI: Arsh Jain
- 2010 – 2012 PI, Drug safety in impaired kidney function. Ontario Ministry of Health and Long-Term Care (MOHLTC), Drug Innovation Fund, \$148,695. PI: Matthew Weir
- 2010 – 2012 Co-I, Economic consequences of living kidney donation in Australia: the donor perspective. Raine Medical Research Foundation (Australia), Research Grant, \$70,000 (AUS). PI: Neil Boudville
- 2009 – 2012 PI, RErenal Function as a predictor of Vascular events In noncardiac Surgery patients cOhort evaluatioN (RE-VISION). Canadian Institutes of Health Research (CIHR), Operating Grant, \$249,184. PI: PJ Devereaux
- 2009 – 2012 PI, Detection of Acute Kidney Injury after Abdominal Aortic Aneurysm Repair: Role of New Biomarkers. Canadian Institutes of Health Research (CIHR), Operating Grant, \$364,929
- 2007 – 2012 Co-I, Novel Biomarkers in Cardiac Surgery to Detect Acute Kidney Injury. National Institutes of Health (NIH) (USA), Biomedical Research Grant, \$3,823,042 (US). PI: Chirag Parikh
- 2010 – 2011 PI, Organ Donor Registries: A Global Scoping Review. Canadian Institutes of Health Research (CIHR), Knowledge Synthesis Grant, \$49,957.
- 2010 – 2011 PI, Accepting Kidneys from Older Donors: Impact on Transplant Recipient Outcomes. Canadian Institutes of Health Research (CIHR), Operating Grant, \$74,984
- 2010 – 2011 Co-I, A Research Conference on the Canadian Experience with Quotidian Dialysis. Canadian Institutes of Health Research (CIHR), Operating Grant, \$12,000. PI: Gihad Nesrallah
- 2009 – 2011 PI, Risk of hypertensive disorders in pregnancy after living kidney donation. Canadian Institutes of Health Research (CIHR), Operating Grant, \$99,020
- 2009 – 2011 Co-I, Statins and Renovascular Disease. Physicians' Services Incorporated Foundation (PSI), Operating Grant, \$62,000. PI: David Hackam
- 2008 – 2011 Co-I, The Ontario Drug Policy Research Network (ODPRN), Ontario Ministry of Health and Long-Term Care (MOHLTC), Ontario Public Drug Program (OPDP), \$2,814,586, PIs: Muhammad Mamdani, David Juurlink
- 2009 – 2010 Co-I, Pregnancy and the Kidney Conference Grant. Canadian Institutes of Health Research (CIHR), Operating Grant, \$10,000. PI: Immaculate Nevis

- 2009 – 2010 PI, A Research Conference on Acute Kidney Injury in a Surgical Setting. Canadian Institutes of Health Research (CIHR), Operating Grant, \$13,000
- 2009 – 2010 PI, A Research Conference on Living Organ Donor Reimbursement Policies. Canadian Institutes of Health Research (CIHR), Operating Grant, \$14,150
- 2009 – 2010 Co-I, A Consensus Workshop on Managing Misattributed Paternity in Living Kidney Donation. Canadian Institutes of Health Research (CIHR), Operating Grant, \$5,000. PI: Ann Young
- 2009 – 2010 PI, Impact of Lab Prompts on Chronic Disease Management: The Case of Kidney Disease. Academic Medical Organization of Southwestern Ontario (AMOSO), Innovation Fund, \$100,000. PI: Arsh Jain
- 2009 – 2010 PI, Impact of MEDLINE filters on evidence retrieval. Canadian Institutes of Health Research (CIHR), Operating Grant, \$85,142
- 2009 – 2010 PI, Cardiovascular disease after acute gastrointestinal infection: Etiology and risk reduction with preventative care. Canadian Institutes of Health Research (CIHR), Operating Grant, \$90,559. PI: William Clark
- 2009 – 2010 PI, An International Conference to Enhance Living Kidney Donation. Canadian Institutes of Health Research (CIHR), Operating Grant, \$19,800
- 2009 – 2010 PI, Canadian Living Kidney Donor Safety Study, Hoffmann-la Roche Limited, Canada, Research Grant, \$150,535
- 2008 – 2009 PI, Impact of eGFR reporting on healthcare utilization. Canadian Institutes of Health Research (CIHR), \$100,000. PI: Arsh Jain
- 2008 – 2009 PI, Improving Renal Codes within Health Administrative Data: Two Systematic Reviews. Canadian Institutes of Health Research (CIHR), Knowledge Synthesis Grant, \$93,040
- 2008 – 2009 Co-I, The role of carotid endarterectomy in patients with chronic kidney disease, Physicians Services Incorporated Foundation (PSI), Resident Research Award, \$9,000. PI: Anna Mathew
- 2008 – 2009 PI, A Research Conference to Enhance Living Kidney Donation. Canadian Institutes of Health Research (CIHR), Meetings, Planning, and Dissemination Grant, \$14,940
- 2007 – 2009 Co-I, The impact of expanding the eligibility for peritoneal dialysis on rates of hospitalization. Physicians' Services Incorporated Foundation (PSI), Salary Support, \$147,500. PI: Robert Quinn
- 2007 – 2009 Co-I, Home care assisted peritoneal dialysis: Risk of invasive procedures to maintain access for dialysis. Canadian Institutes of Health Research (CIHR), Operating Grant, \$141,017. PI: Matthew Oliver
- 2007 – 2009 PI, The science of handling renal practice evidence: optimizing the retrieval of information from EMBASE and the internet. The Kidney Foundation of Canada (KFoC), Biomedical Research Grant, \$100,000
- 2004 – 2009 PI, An applied data research facility for the understanding, prevention, and treatment of kidney diseases. Canadian Foundation for Innovation (CFI), On-going New Opportunities Fund, \$199,399
- 2004 – 2009 PI, An applied data research facility for the understanding, prevention, and treatment of kidney diseases. Ontario Research Fund (ORF), Research Infrastructure, \$194,252
- 2005 – 2008 Co-I, Cohort Study of Inflammatory Bowel Disease after Acute Enteric Infection in Walkerton, Ontario. Crohn's and Colitis Foundation of Canada, Research Grant, \$360,000. PI: John Marshall

- 2004 – 2008 PI, The long-term medical and psychosocial implications of becoming a living kidney donor: A prospective pilot study (Vanguard phase). Canadian Institutes of Health Research (CIHR), Operating Grant, \$324,211
- 2002 – 2008 Co-I, Computerized Clinical Decision Support: A Collaborative Research Synthesis. Canadian Institutes of Health Research (CIHR), Operating Grant, \$93,750. PI: Brian Haynes
- 2002 – 2008 Co-I, A 7 year health care study and follow-up of long-term medical complications from contaminated water in Walkerton, Ontario. Ontario Ministry of Health and Long-Term Care (MOLHTC), Drug Innovation Fund, \$5,000,000. PI: William Clark
- 2005 – 2007 PI, Better Use of Bibliographic Databases for Kidney Diseases. The Kidney Foundation of Canada (KFoC), Biomedical Research Grant, \$99,760
- 2003 – 2007 Co-I, Short Daily Hemodialysis Trial. National Institutes of Health (NIH) (USA), Biomedical Research Grant, \$4,550,000 (US). PIs: Nathan Levin, Robert Lindsay
- 2005 – 2006 PI, Long-term Risk of Chronic Arthritis after Campylobacter Infection: The Walkerton Health Study. Canadian Institutes of Health Research (CIHR), Operating Grant, \$50,400. PI: Janet Pope
- 2004 – 2006 Co-I, Improving Prescribing of Medications and Patient Safety in Long-term Care. Canadian Institutes of Health Research (CIHR), Operating Grant, \$185,574. PI: Alexandra Papaioannou
- 2004 – 2006 PI, Long-term Medical Implications of Becoming a Living Kidney Donor: A Historical (Retrospective) Matched Cohort Study. Physicians' Services Incorporated Foundation (PSI), Operating Grant, \$160,000
- 2003 – 2006 Co-I, McMaster PLUS: A cluster randomized clinical trial of an intervention to accelerate use of evidence-based information from digital libraries in clinical practice. Canadian Institutes of Health Research (CIHR), \$287,638. PI: Brian Haynes
- 2004 – 2005 PI, The Long-term Renal Prognosis of Becoming a Living Kidney Donor: A Systematic Review, Meta-Analysis and Meta-regression. London Multi-Organ Transplant Program, Operating Grant, \$25,000
- 2003 – 2005 Co-I, Long-term risk of abnormal glucose homeostasis after E.coli O157:H7 gastroenteritis. Canadian Diabetes Association, Research Grant, \$65,000. PI: Rita Suri
- 2002 – 2004 PI, Long-term Renal Complications from E.coliO157:H7 in Walkerton, Ontario. The Kidney Foundation of Canada (KFoC), \$100,000. PI: Douglas Matsell
- 1999 – 2001 PI, The Effect of Structured Patient Education in Chronic Disease Care. Associated Medical Services Educational Committee, Research Grant \$4,000
- 1999 – 2000 PI, Do Anatomy Computer Models Disadvantage Student Spatial Learning? AACC / MRC Committee on Research in Medical Education, Education Grant, \$9,000
- 1998 – 1999 PI, Understanding Sex Differences in Anatomy Spatial Learning. AACC / MRC Committee on Research in Medical Education, Education Grant, \$9,000
