

Select your position and default organizer view with My Experience - FirstNet Medical Students

My Experience is designed for residents, physicians, and other clinicians whose work crosses multiples hospitals and therefore need to change their position on a regular basis. This feature allows you to change your position, as well as your organizer view or mPage selection on your own.

Access My Experience

1. Click the **My Experience** icon () on the toolbar.

*The **My Experience** workspace opens.*

2. Under **My Available Positions** select the appropriate position.

Emergency Medicine is the default position unless you are working at Listowel, Exeter or Wingham Hospitals. Refer to the table below if you are unfamiliar with the hospital abbreviations.

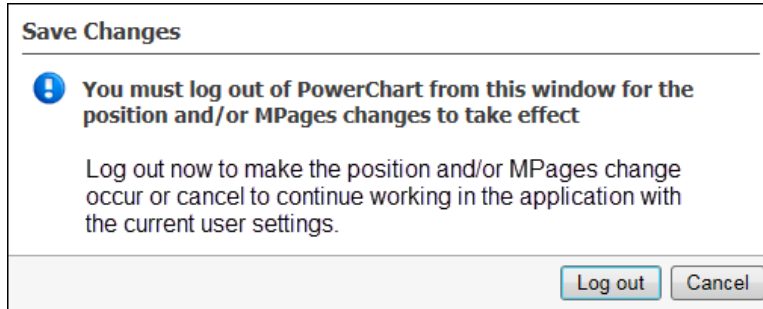

Hospital Abbreviation	Location
LM	Listowel
SH	Exeter
WD	Wingham

3. Under **My Default Organizer View** select the default organizer view you want to see when you open the application.
4. Click the  button.

You will then be prompted to log out and log back in to commit these changes.

Select your position and default organizer view with My Experience - FirstNet Medical Students

Note the message currently reads PowerChart instead of FirstNet, please ignore.

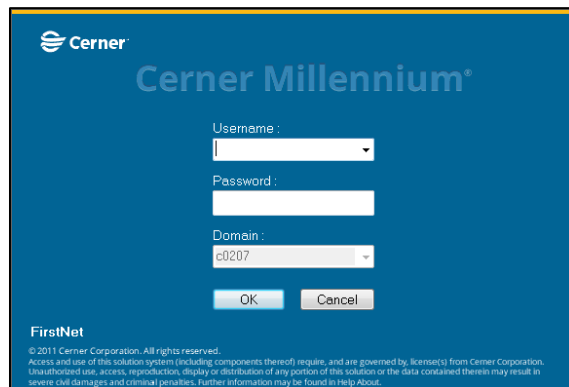

A dialog box titled "Save Changes" with a blue header bar. Below the header, there is a blue exclamation mark icon followed by the text: "You must log out of PowerChart from this window for the position and/or MPages changes to take effect". Below this, a paragraph reads: "Log out now to make the position and/or MPages change occur or cancel to continue working in the application with the current user settings." At the bottom right, there are two buttons: "Log out" and "Cancel".

5. Click the  button to exit your current view.
6. The **Cerner Millennium** login screen immediately appears.

Note: This **Cerner Millennium** login screen is to log back in to the previous application you had opened originally. If you are switching to another department, you may need to click **Cancel** to return to the Cerner Storefront and select the appropriate application.

E.g.: Open the FirstNet application if you have selected an Emergency Medicine position.

A screenshot of the Cerner Millennium login screen. It has a blue background with the Cerner logo at the top left. The title "Cerner Millennium" is in large white letters. Below the title, there are three input fields: "Username" (a dropdown menu), "Password" (a text box), and "Domain" (a dropdown menu showing "c0207"). At the bottom, there are "OK" and "Cancel" buttons. In the bottom left corner, there is small text: "FirstNet © 2011 Cerner Corporation. All rights reserved. Access and use of this solution system (including components thereof) require, and are governed by, license(s) from Cerner Corporation. Unauthorized use, access, reproduction, display or distribution of any portion of this solution or the data contained therein may result in severe civil damages and criminal penalties. Further information may be found in Help About."

7. Type your **Username** and **Password** and click the  button.

Important: To avoid any privacy concerns, ALWAYS select the appropriate position for your current scheduled shift and NEVER open another site's tracking board.

Note: When you log out, it will NOT automatically flip your position. You will be responsible for flipping your position to the appropriate one on your next shift.
