## **Hepatology / Liver Transplant Fellows Schedule:**

- 1) Rotations will consist of 3 months duration, the rotations will include exposure to inpatients and outpatients, both in General Hepatology and Transplant Hepatology.
- 2) The “outpatient” clinics:
  - Attend morning MOTS rounds
  - Attend clinics according to schedule provided
  - Must attend a “Ghent” General Hepatology clinic
  - Must attend Wednesday “Marotta/Levstik” Pre-OLTx clinic
  - Must attend Thursday “Marotta/Levstik” Post-OLTx clinic
  - Presentation of new OLTx candidates at Monday Selection conference
  - Occasional presentation for HB conference : Thursday 4:30pm
  - Perform outpatient liver biopsies, paracentesis, band ligation
  - Perform “offsite” inpatient Hepatology consults
- 3) The “inpatient” rotation:
  - Attend morning MOTS rounds
  - Complete flow sheet, orders and progress notes on assigned inpatients
  - Titrate inpatient immunosuppression each afternoon
  - Perform inpatient liver biopsies
  - Perform inpatient Hepatology Consults
  - Attend outpatient clinics when possible
- 4) It is expected that you join the surgical fellows on 2-4 donor retrievals, this will be arranged with the donor coordinators.
- 5) Blocks of free time (Tuesday morning, Friday afternoon) are for academic achievement.
- 6) Monthly Journal Club – TBA
- 7) Note: Abstract deadlines – ASTP, CAG/CASL, ITLS, AASLD
