

Schulich Graduate & Postdoctoral Awards

Dean's Research Scholarship

Masters: \$10,000 per year for 2 years

PhD: \$14,000 per year for 2 years

Number of awards may vary by year

Eligibility:

Students must be registered full-time in a Schulich School of Medicine & Dentistry *thesis based graduate program* (including Neuroscience students with a Schulich supervisor). All students must have at least one year remaining for the completion of their degree to be eligible to apply. Only candidates that **do not** hold a scholarship equal or larger than \$10,000 per year for the respective period may apply. Selection is based on excellence in research and academic merit.

****Note, this scholarship is designed to promote collaborations between basic scientists and clinicians. Therefore, students who are co-supervised by a clinician and a basic scientist and working on a collaborative project will be prioritized.**

Application Deadline:

June 12, 2026, 4 pm

Application Procedure:

Students may apply directly through the: [Online Awards Application](#).

Application Instructions:

Students may choose to submit their CSG-D or CGS-M application in place of completing the full DRS application, as these files already contain all required information. If you choose this option, please indicate it clearly on the awards application. You will still be required to complete the sections titled "Why you are an ideal candidate for the award" and "Specify the role of each supervisor with regard to the project (if working with both a basic and clinical researcher)."

Students who do not have a CGS-D or CGS-M application must complete the full DRS application in its entirety.

Transcripts required: We will need a copy of your most recent transcript. Please label your transcript (can be unofficial):

Last Name_DRS_Transcript by the application deadline to the email address below. Western Students can use their student center transcript as part of their application, as we don't need "official transcripts" to apply.

Important info: If students have 1 year of funding eligibility left, they may still apply, but funding will not extend the following year, into their non-funding eligibility year.

Please send/have sent all transcripts and reference letters to jpritch7@uwo.ca to the attention of Janelle Pritchard

Application deadline: June 12, 2026 at 4pm

Adjudication Procedure:

A committee will consist of at least three graduate program Chairs. The selection committee will be chaired by the Associate Dean, Research (Graduate and Postdoctoral Studies).
