

# Adding the PDF icon or Word icon

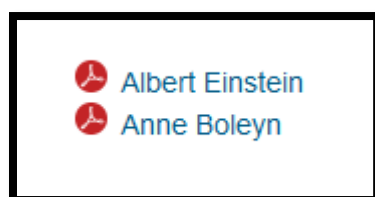

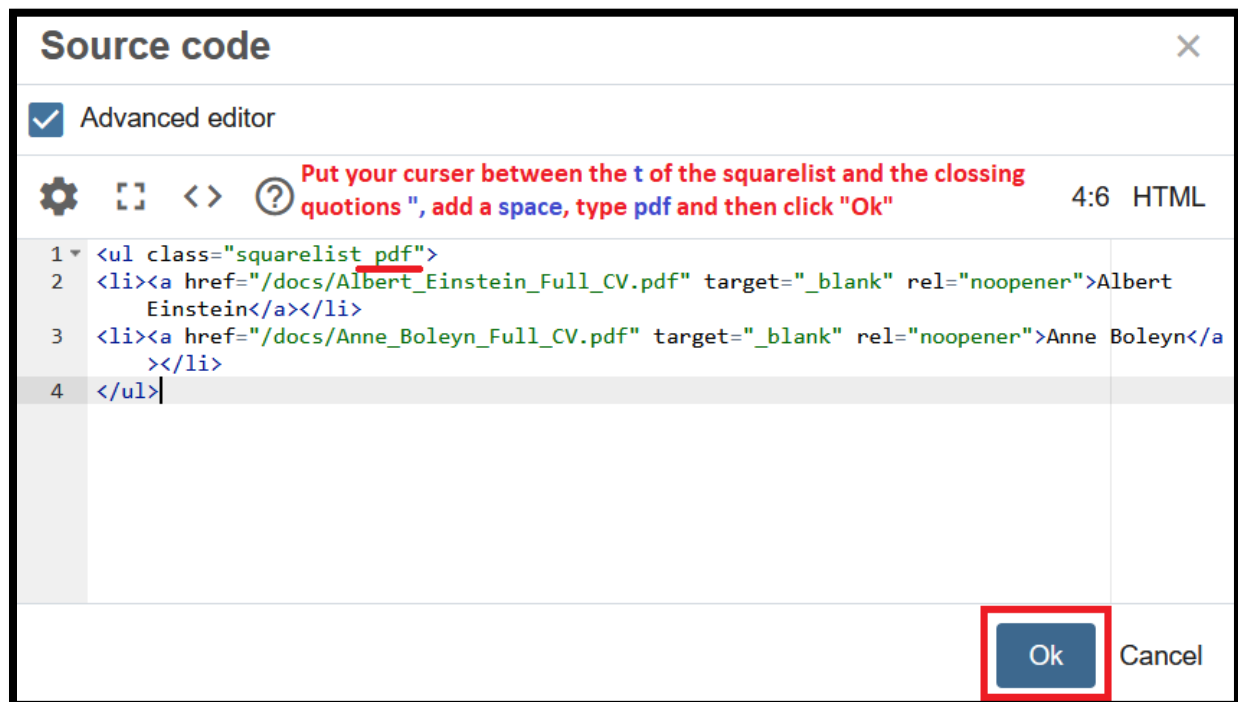

Following the “Bulleted Lists” instructions create a list and add the “squarelist” style. Then click on the “Source code” icon.

This

will open the Source code editor. Find your bulleted list. It will look similar to the image below.

Put your cursor between the ‘t’ of ‘squarelist’ and the closing quotations ”. Hit the space bar once and type pdf and then click “Ok”.

For the Word icon follow the same steps as above but instead of **pdf** type **word**.

```
<ul class="squarelist word">  
<li><a href="/docs/Albert_Einstein_Full_CV">  
<li><a href="/docs/Anne_Boleyn_Full_CV">  
</ul>
```

Anne Boleyn CV

Albert Einstein CV
