

Police Vulnerable Sector Check for MDPHD students

All medical students will interact with vulnerable populations throughout the course of their academic program. In recognition of the requirements of clinical agencies to ensure that medical students do not place vulnerable populations at risk, all students are required to provide, as a condition of their continued participation in the MD program, a current Police Records Check including a Vulnerable Sector Screening (VSS).

Submission Deadline

For the 2025/26 academic year, this is due on **December 1, 2025**. Your VSS must be uploaded and reviewed as part of the Synergy ERV process.

It can take weeks to months for a police service to process an application, so begin as soon as possible to ensure compliance with our submission deadline.
