

February 2026

Dear Doctor of Dental Surgery Class of 2030 and ASPIDG Class of 2029,

Welcome to Schulich Dentistry!

We know that your arrival at the Schulich School of Medicine & Dentistry is the result of many years of challenging work. Your personal strengths and passion for the study of Dentistry have and will continue to serve you well in the years to come.

The Learner Experience team dedicates themselves to supporting a future generation of dentists in their personal wellbeing, academic success, and professional development. Our office supports your experience at Schulich in both the good times and the not so good times. We are your “go to” people for your questions about supports needed related to your physical and mental health, learning, career choice and transitions, and learning environment concerns. If you are new to Western University, you may also want to familiarize yourself with the student finance office, wellness, learning and EDID resources available to you on campus.
