

Tuesday May 12th, 2026

Dear Class of 2030,

Congratulations! Welcome to the Schulich School of Medicine & Dentistry! As your Orientation Coordinators and on behalf of the classes of 2029, 2028, & 2027, we are thrilled to welcome you into the Schulich family. This is a major accomplishment, and we hope you feel proud, excited, and curious about what the next step in your education has in store.

We hope you are able to take some time this summer to reflect on your incredible achievement and to relax with friends and family before you begin preparing for this amazing journey. As the summer goes on, we will be gearing up to welcome you all to campus in August at Orientation Week!

Before Orientation Week starts, you likely have already found that there is a list of things that need to be completed. We understand that this long list of tasks often feels overwhelming, but you should know that our orientation team is here to support you.

For many of these tasks, the Medical Admissions Office is the best place to contact for questions (admissions.medicine@schulich.uwo.ca). However, if you feel that your question cannot be answered by the Admissions Office, or is a question better directed to a student, you can ask us! Right now, questions can be directed to hippo.oweeek@uwo.ca and someone from our student-led orientation team will reach out to answer your question. Later in the summer, we will connect you with your Orientation Leaders, who can also help in navigating this transition period. Make sure to check your email regularly to stay up to date with our Orientation plans!

We hope you have a fantastic summer and we are so excited to meet you all in August!

Your Orientation Coordinators,

Andreea, Cassia & Josh
