MEDICAL REQUIREMENTS
These requirements are mandated for clinic placements. Students are not permitted to begin any clinical experiences until proof of clearance is received for all below requirements. This checklist is for your tracking purposes only and is not part of the documentation required at your medical clearance appointment.

**INSTRUCTIONS**
Western’s Student Health Services (SHS) has reduced their services due to the Covid-19 pandemic. They are not currently offering pre-placement health clearances at this time. As a result of this situation we have set the deadline to have met this requirement later in the fall when we anticipate this situation may change.

What you can do now and in the next several months:
- review immunization requirements outlined in this document.
- book an appointment before the end of August with your family doctor to obtain prescriptions and or any medical records needed
- watch the Schulich Admissions site for updates on when these pre-placement health clearances are available again.

When you do visit SHS:
- bring originals of all supporting documentation to clearance appointment at Student Health Services.
- keep a copy of the Clearance Form SHS grants you for your records.
