Pre-Clinical Placement Requirement Clearance Information (for Entering Windsor Campus Students)

Bayshore Home Health has partnered with the Schulich School of Medicine & Dentistry, Windsor Campus to provide support and clearance on Pre-Placement Requirements. In addition to Pre-Clinical Placement Requirements, some elective sites may request documentation for their records. It is the students' responsibility to provide this as requested, not Bayshore Home Health or the Schulich School of Medicine & Dentistry.

INSTRUCTIONS FOR PRE-CLINICAL PLACEMENT CLEARANCE

In order to meet the Pre-Placement Requirements, you need to complete the following steps:

- **Book an appointment** with Bayshore Home Health at one of their 3 Southwestern Ontario locations: Windsor, Chatham or Sarnia well before your requirement deadline. **Appointments can be booked by emailing schulich@bayshore.ca.** Please use the included email template when contacting Bayshore. Please provide 24 hours notice for appointment cancellations.
- Gather all documentation and updated immunizations/vaccinations, as per the **Medical Requirements** listed on the **Entering Student Requirements Checklist**.
- Gather all other documentation and renew qualifications as required, as per the **Non-Medical Requirements** on the **Entering Student Requirements Checklist**.
- Bring **originals and one copy** of all documentation with you to your clearance appointment. You will be provided a health documentation folder where you should retain both your documentation and your clearance card provided by Bayshore. You are responsible for your health records for the duration of your training. Documentation will not be housed or accessible by either Bayshore Home Health or the Schulich School of Medicine & Dentistry.

*Failure to adhere to the requirement deadline will result in a hold on your academic progress which could result in the loss of the academic term.*

YOUR APPOINTMENT WITH BAYSHORE HOME HEALTH

You must make an appointment at a Bayshore location for final clearance.

*Bayshore have currently reduced their services due to the Covid-19 pandemic. They are not currently offering pre-placement health clearances at this time. As a result of this situation we have set the deadline for this requirement until later in the autumn term when we anticipate this situation may change.*

What you can do now and in the next several months:
- review immunization requirements outlined in the Entering Student Requirements Checklist document
- book an appointment before the end of August with your family doctor to obtain prescriptions and or any medical records needed
- watch the Schulich Admissions site for updates on when these pre-placement health clearances are available again
Ensure that all requirements have been met and proof of completion has been received BEFORE you attend your scheduled appointment*. You will not be cleared until all requirements have submitted. If there is anything outstanding, you will be required to pay for an additional appointment.

*Note: The influenza vaccination (flu shot) is only available during flu season. Documentation is due by December 1 and can be submitted to the Learner Equity & Wellness Office. Submission information will be provided in the fall term.

If documentation is missing or a requirement is not complete, students will need to book another appointment for an additional fee.

If you need to cancel an appointment, ensure you cancel at least 24 hours prior to your appointment, or you will be charged for a missed appointment. You can cancel via email at schulich@bayshore.ca

Please bring to your appointment:
- Blood lab reports (as required)
- Yellow immunization card or other proof of immunization
- Certification cards (as required)
- Originals and one copy of all documents

### BAYSHORE HOME HEALTH FEES (2020 - 2021)

Prior to your appointment with Bayshore Home Health, please know that there may be some costs associated with obtaining the necessary immunizations and bloodwork required:

- Immunizations may be covered by OHIP or your provincial health plan
- Bloodwork standard lab fees apply
- Physician Visits to obtain lab requisitions not covered by OHIP – billed at OMA rate for minor assessment.

All prices listed include HST. Please note, prices may change.
