

Visiting Professor Dr. Elsie Nguyen

“Multimodality Cardiac Imaging: Interesting and Challenging Cases”

Dr. Elsie Nguyen completed her medical school training at the University of Toronto, Radiology Residency at the University of Ottawa, Thoracic Imaging Fellowship at the University of British Columbia in Vancouver and a Cardiovascular Imaging Fellowship at Stanford University. She is an Assistant Professor at the University of Toronto within the Cardiothoracic Division at Toronto General Hospital. She is passionate about education and is the Cardiac Imaging Fellowship Director, Radiology Resident Cardiac Rotation Supervisor, Director of

Education for the Cardiac section and Undergraduate Medical Education Director for Medical Imaging at the University of Toronto.

Learning Objective:

1

To use interesting and challenging cases to highlight the strengths and limitations of cardiac echo, CT and MRI.

This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification Program of The Royal College of Physicians and Surgeons of Canada and approved by Continuing Professional Development, Schulich School of Medicine & Dentistry, Western University (1 hour). Each participant should claim only those hours of credit that he/she actually spent participating in the educational program.

This program has no commercial support.
