'Cancer in a Pandemic: Patient Stories of the Challenges of Cancer and COVID.'

Heather Shaddick, M.S.W., R.S.W. & Kim Turner, M.S.W., R.S.W.
London Health Science Centre

Objectives:
- hear patients' and families stories about the impact of the pandemic from LRCP social workers
- discuss the challenges of providing virtual care, including decision making regarding phone versus face to face support
- discuss the strength and resilience of our patients and what is helping them cope
