COURSE OBJECTIVES

1. To have an understanding of the demographics and work-up of a head and neck mass.
2. To know the role of HPV in head and neck cancer.
3. To learn up-to-date concepts in ear and tonsil infections in children.
4. To identify the most common causes of hearing loss.
5. To learn techniques of diagnosis and treatment of hearing loss, including reading audiograms.
6. To understand the updated Canadian guidelines for management of sinusitis.
7. To know the work-up of a patient with snoring and/or sleep apnea and know when to refer for surgical assessment.

STUDY CREDITS

This program meets the accreditation criteria of the College of Family Physicians of Canada and has been accredited by Continuing Professional Development, Schulich School of Medicine & Dentistry, Western University, for up to **3.75 MAINPRO-M1** credits.

Each participant should claim only those hours of credit that he/she actually spent participating in the educational program.
