OBJECTIVES:

By the end of the hour, participants should be able to

1. Recognize pediatric delirium and identify its risk factors
2. Identify knowledge gaps in diagnosis and treatment of delirium
3. Review the lived experience of delirium in the PICU

Paediatric Rounds is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification program of The Royal College of Physicians and Surgeons of Canada.

Each participant should claim only those hours of credit that he/she actually spent participating in the educational program.

This program has no commercial support.
