

Dr. Robert Zhong Seminar

Pathology and Laboratory Medicine

Dr. Art Poon

Assistant Professor,
Pathology and Laboratory Medicine,
Western University

Thursday October 13, 2016
12:00 – 1:00 pm
Auditorium B, University Hospital

Light refreshments provided

Everyone is Welcome

“Examining recent virus epidemics under the lens of phylogenetics”

Objectives:

1. Participants will become acquainted with fundamental concepts on phylogenetics and genetic sequence analysis.
2. Participants will gain a basic understanding of how phylogenetics is applied to studying past epidemics and monitoring current outbreaks of infectious disease.
3. Participants will learn about recent findings on the epidemiology of hepatitis C virus and HIV in Canada.
