**Pathologist Assistants**

The Saskatchewan Health Authority, Regina Laboratory Services has employment opportunities for qualified Pathologist Assistants.

The Saskatchewan Health Authority, Regina Laboratory Services provides laboratory services in two acute care hospitals in Regina, the Regina General Hospital and Pasqua Hospital, one specimen collection service at the Wascana Rehabilitation Centre and 12 rural laboratory sites. The Laboratory Services working environment provided is innovative and collaborative. The Regina General Hospital is a referral centre for southern Saskatchewan and includes a trauma centre; pediatric centre (including neonatal intensive care); and, various services such as high-risk delivery, cardiac and neurology. The Pasqua Hospital operates a busy emergency department, intensive care, and provides ophthalmology, orthopedic and cancer services.

Pathologist Assistants are responsible for the initial examination and dissection of surgical specimens and dissection of bodies during post-mortem examination. They assist with research and instruction of Pathology interns/residents.

Applicants are required to have successfully completed a recognized Master of Health Science degree with a major in Human Anatomy and Physiology and obtain certification with Canadian Association of Pathologists and/or Certification with the American Society for Clinical Pathology. Applicants are also required to have good computer, analytical, communication, organizational and interpersonal skills and the ability to work independently.

Benefits and salary are as per the current SAHO/CUPE Collective Agreement. Current salary range is $40.35 to $43.23 per hour plus a comprehensive benefits package.
