

PATHOLOGY 4980E

Course Outline Supplement

Class sessions:

All class sessions will be held on Wednesdays, through Zoom Meetings.

Please see the OWL Calendar or Schedule [in Resources tab] for Meeting IDs, Meeting links, and Session duration.

Health Sciences Addition Rm 410 (4th floor Pathology Conference Room) is available to students. Please note the room has a maximum capacity of 3 people. If you need access to a room (for your presentations or class sessions), please email Cheryl Campbell (ccampbel@uwo.ca) to schedule you. Since there is no class ambassador, please note that you will be required to disinfect all touched surfaces.

An option for students looking for a room for class sessions may be Western libraries. You may schedule space for yourself. Western library staff will ensure it is clean and ready to use before your usage and afterwards.

Attendance:

Students are expected to attend and participate live during class sessions. Sessions will not be recorded. I highly encourage students to have a working webcam.
