Medicine & Rehabilitation Rounds**

Friday, March 24th, 2017

9:00 am — 12:00 pm

Parkwood Institute, Mental Health Care Building Auditorium **F2-235**

CONTINUING PROFESSIONAL DEVELOPMENT
Department of Psychiatry
Schulich School of Medicine & Dentistry
Western University

**“HEADS UP: A REVIEW OF THE PHYSICAL, COGNITIVE AND
EMOTIONAL SEQUELAE OF MILD TRAUMATIC BRAIN INJURY”**

LEARNING OBJECTIVES:

1. Outline the underlying pathophysiology and presentation of mild Acquired Brain Injury (ABI)
2. Identify how rehabilitation (and rehabilitation specialists) can assist with the treatment of these patients
3. List the various mental health impairments that are associated with mild ABI
4. Discuss the impact a mild ABI can have on present and future cognitive function

Moderator: Dr. Steven Macaluso

9:00 am	Dr. Heather MacKenzie, MD, FRCPC Department of Physical Medicine and Rehabilitation
10:00am	Dr. Rebecca King, MD, FRCPC Department of Psychiatry
11:00am	Dr. Jennifer Fogarty, C.Psych Department of Specialized Geriatric Services

Note: 25% of the session is to be devoted to audience participation

ACADEMIC HALF DAY events are a self-approved group learning activity (Section 1 as defined by the MAINTENANCE OF CERTIFICATION Program of The Royal College of Physicians and Surgeons of Canada. Each participant should claim only those hours of credit that he/she actually spent participating in the educational program.
