

RUG 2022-2023

Physician Leads: Dr. Kamini Vasudev (*Residents, QI*), Dr Arlene MacDougall (*Faculty*)

The residents must ensure that they are not on vacation or post-call on the day of their presentation. If this is unavoidable then they must swap their slot with a colleague for the next resident presentation. Residents must ensure that their supervisors complete evaluations on their scholarly project 6 monthly.

The faculty presenters are requested to include a) story of their personal journey in research/QI (in order to inspire the residents) b) a summary of ongoing projects relevant to clinical psychiatry c) a list of research/QI opportunities for residents' involvement.

If residents wish to get their presentation evaluated for F5 EPA, they should let the facilitator know in advance and familiarize with the criteria for F5.

2nd Thursday from July - June from 12:00 - 1:00 pm
Faculty & Resident presentations alternating, PGY 2-5 assignments

Present updates on your own project 1-2 times per year, max 15 min presentation, informal.
