Department of Psychiatry, Division of Child and Adolescent Psychiatry Annual Conference

Creating a Care Continuum: Integrating Child and Youth Mental Health, Primary Health Care and Community Services

Friday, April 29, 2016

8:00 am—4:00 pm

Best Western Lamplighter Inn & Conference Center · 591 Wellington Road, London, Ontario

Objectives: By attending this conference participants will be able to:

1. Define the critical components of a community based integrated child and youth mental health system.
2. Appreciate the hospital as a component of an integrated child and youth mental health system.
3. Recognize strategies in promoting a continuum of care across mental health and non-mental health systems.
4. Become familiar with innovative educational approaches to improve knowledge and skills of primary care providers in rural and remote in managing child and youth mental health.
5. Apply strategies learnt in the RBC diversity project to work with incoming refugees from war-torn countries.
6. Develop knowledge of evidenced-based strategies adapted for the community setting to address emotional dysregulation, impulsivity and life-threatening behaviors.
7. Utilize a collaborative model to link Hospital based (ER) and Community based (C-IT) crisis intervention services.

PLENARY SESSION

"Joining the Dots: Building an Integrated Child and Youth Mental Health System"

Dr. Sandra Fisman, FRCPC

Chair, Division of Child and Adolescent Psychiatry, Department of Psychiatry, Schulich School of Medicine & Dentistry, Western University
