By/before 2:00 PM

Tuesday, October 15th, 2019  
By/before 2:00 PM

*Your faculty and/or department may have additional deadlines for the SSHRC Insight Grant competition. Please check with your faculty research office.*

**Of note in the Fall 2019 SSHRC Insight Grant competition**

- All Applicants, Co-Applicants and Collaborators must respond to self-identification questions following their initial logon to the SSHRC Web-based Forms, as part of the Canadian Tri-Agencies’ initiative to support funding equity more efficiently.
- Applicant chooses from one of two (2) streams, depending on the amount of funding required:
  - Stream A for requests between $7,000 and $100,000 over two to five years; or
  - Stream B for requests over $100,001 and up to a maximum of $400,000 over two to five years.
- Applicants select their preferred Adjudication Committee
- Unsuccessful Winter 2019 Insight Development Grant applicants are eligible to apply to this year’s Insight Grant competition (Oct. 2019).

**Research-Creation applications:**

- There is no longer a yes/no toggle. Interested applicants must choose Insight Grant Adjudication Committee No. 3 – Fine Arts, Research-Creation
- Research-Creation support material must be included in the mandatory ‘Detailed Description’ attachment.
Collaborators and Co-Applicant Information:

- **Co-Applicants** must be formally affiliated with an eligible **Canadian post-secondary institution** at the time of application and maintain a research-eligible position. **Postdoctoral Fellows** must have a research-eligible appointment within five months of the grant start date to be a Co-Applicant.
- **Collaborators** do not need to be affiliated with an eligible Canadian post-secondary institution.
- **Co-Applicants** are required to complete a **SSHRC CV** and attach their **Research Contributions** (see Insight Grant Web Instructions for format/content guidance) in the Web-based Forms.
- **Collaborators** are **not** required to fill-in a complete SSHRC CV, or attach Research Contributions. Collaborators will complete a shortened “profile” in the Web-based forms for the application.

Special Budget Considerations:

- **Collaborator** research costs are not eligible, however, travel expenses incurred by collaborators are eligible if they relate to research planning and exchange of information with the principal investigator, or the dissemination of research results.
- Remuneration of team members (applicant, co-applicant or collaborator) or experts and consultants who are eligible to hold SSHRC funds is not an eligible use of grant funds.
- When applying to a Joint or special initiative (i.e. Department of National Defense) the proposed budget should not include the potential funding supplement from the special initiative.

Application Submission Notes:

- **Insight Grant applications are not sent directly to SSHRC when you click "submit".** They are routed first to Research Western for review and final submission to SSHRC.
- Research Western will not forward an application to SSHRC without a completed ROLA proposal first being submitted and approved. **Please plan accordingly.**

Research Western Contact Information:

To email your application directly to Research Services for review/approval, please use: researchoffice@uwo.ca

Questions concerning the SSHRC Insight Grant competition, please use: researchoffice@uwo.ca

Questions for ROLA Help, please use: rolahelp@uwo.ca
