

Research Update Group (RUG) Schedule: 2018-19

12-1 pm , Victoria Hospital

The residents are expected to have a formal meeting before their presentation date, with their supervisors to discuss the progress of their project and the presentation for the RUG. Supervisors must be informed by residents, of the date of presentation in advance and requested to attend in person, if possible. Each resident will get about 15 minutes to provide update on the project.

The residents must ensure that they are not on vacation or post-call on the day of their presentation. If this is unavoidable then they must swap their slot with a colleague for the next resident presentation.

The faculty presenters are requested to include a) story of their personal journey in research (in order to inspire the residents) b) a summary of ongoing projects relevant to clinical psychiatry c) a list of research opportunities for residents' involvement.

Date	Presenters
July 12, 2018	Faculty: Dr. Kara Dempster
August 9, 2018	Residents: Julia, Oluwatoni, Ashley
September 13, 2018	Residents: James, Israel, Melissa, Ryan
