

# Transplantation for colorectal liver metastases

**Dr. Vivian McAlister M.B., CCFP(C), FRCSC, FRCS(I), FACS**  
**Angus D. McLachlin Professor of Surgery, Western University**

**Wednesday, January 24, 2018**  
**5:00-6:00 pm, Auditorium C, UH**

Objectives:

- Understand the interaction of cancer biology with immunosuppression for transplantation
- Understand the potential for interaction between chemotherapy for cancer and immunosuppressive agents
- Review minimal survival expectations for different liver transplantation indications

Pizza and pop will be served.

This event is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada.
