

Dr. Robert Zhong Department of Surgery Research Day

Friday, June 23, 2017

CALL FOR ABSTRACTS: Resident/Fellow/Graduate Student Poster Presentations

The Department of Surgery Research Day was named in honour of Dr. Robert Zhong, a brilliant scientist and colleague who passed away in 2006. The 2017 Department of Surgery Research Day will be held on Friday, June 23, 2017. The day includes a poster competition for both basic science and clinical research. All abstracts will be blind reviewed and scored by members of the Department of Surgery Research Committee. Authors with abstracts scoring sufficiently high will be notified the first week of April and will be invited to prepare a poster presentation for the annual Robert Zhong Research Day. Poster presenters will be required to give a 2 minute presentation on their research followed by a three minute question and answer period during the judging process. The best poster presentation in each category will receive an award at the conclusion of Research Day.

Submission Details:

Abstract Submissions are open to:

- All residents, fellows, and Graduate students
