Dr. Robert Zhong Department of Surgery Research Day – Call for Resident/Fellow Presentation Abstracts

General Information
The Dr. Robert Zhong Department of Surgery Research Day will be held on Thursday, November 11, 2021 at 1 PM by Zoom. This year the day will focus on the faculty research that has been funded by the Department of Surgery and on the research of residents/fellows in the department. Resident/fellow presenters will be selected to prepare a three-minute research presentation with one single static PowerPoint slide. One overall resident/fellow will be selected as the winner and will receive an award.

The Department of Surgery Research Committee will adjudicate all abstracts.

Abstract Submissions are Open to:

- Department of Surgery Residents
- Department of Surgery Fellows

Abstract Research Categories:

1. Big Data/ICES (examples: Population based outcome research, Health Services Planning & Evaluation etc.)
2. Fundamental Sciences & Surgical Innovation (examples: Basic science laboratory or engineering work through proof of concept in animal studies, human pilot studies, other innovations, therapies, surgical samples for basic science descriptive analysis etc.)
3. Patient Centered Research (examples: Prospective or observational studies involving patients or involving human participants as controls in a health care setting, patient related outcome measure development, patient surveys etc.)
4. Surgical Education (examples: Education projects involving simulation, competency-based education, resident work hours, different teaching styles, education projects such as decision aid development, qualitative research projects etc).

Submission Details:

- The deadline for submissions is Wednesday, September 8, 2021.
- Only ONE abstract may be submitted per resident/fellow
